

“Adventurers Against Their Will is a powerful wartime story revolving around true historical events. Based on scrupulous research, Joanie Schirm has dug deep into her own family history and beyond to recreate the lost world of Jewish culture in interwar Czechoslovakia and the horrors that followed during the Nazi occupation of Bohemia and Moravia. An emotionally powerful book for anyone interested in the vanished universe of early twentieth-century Central Europe and the war that destroyed it.”

—ROBERT GERWARTH, AUTHOR OF
HITLER’S HANGMAN: THE LIFE AND DEATH OF HEYDRICH
